**SECOND REQUEST FOR CORRECTED FILING RECEIPT IN RESPONSE TO
USPTO RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT**

Sir:

In the above-identified application, and in response to the USPTO's Response to Request for Corrected Filing Receipt dated March 8, 2004 (copy enclosed), a corrected filing receipt is hereby requested.

On March 22, 2004, the undersigned, Applicants' attorney, spoke with Examiner Williams of the Customer Service Center of the Office of Initial Patent Examination (OIPE). Mr. Williams explained that, because the instant application is a continuation-in-part of Application Serial No. 10/379,107, filed March 4, 2003 (the '107 application), a copy of the Declaration from the '107 application, per USPTO practice, was placed in the file of the instant application. The Declaration from the '107 application correctly lists Kevin P. Killeen as a joint inventor of the '107 application. However, Mr. Killeen is not an inventor in the instant application, as evidenced by the original Declaration filed on September 24, 2003 with

Application Serial No. 10/669,620 (copy attached). Applicants believe that the OIPE inadvertently referred to the Declaration of the '107 application instead of the Declaration of the instant application when it incorrectly and inadvertently added Mr. Killeen as an inventor in the instant application. Accordingly, Mr. Killeen's name should be removed from the filing receipt in the instant application. In view of the fact that the original Declaration in the instant application (Application Serial No. 10/669,620) is correct, no new Declaration is required.

A copy of the original filing receipt with corrections noted is also attached.

Although no fee is required, the Commissioner for Patents is hereby authorized to charge any deficiencies or to credit any overpayment to Deposit Account No. 50-1078.

The following information is presented in the event that a call may be deemed desirable by the Customer Service Center of the OIPE:

RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

Claims, Fees, and Inventors

In response to your request for a corrected Filing Receipt, the Office is unable to comply with the request because:

- ☐ The total number of claims appearing on the Filing Receipt does not include multiple dependent claims. The total fee appearing on the Filing Receipt includes the cost of multiple dependent claims that were present at the time the application was filed.
- ☐ The filing fee is correct. It may include additional claims fees and/or the surcharge under 37 CFR 1.16 (e) for filing an oath/declaration or basic filing fee after the application filing date; or it may not reflect fees refunded to the applicant that were paid by mistake.
- ☐ The number of claims reflected on the filing receipt is correct. Upon review of the claims, it was found that there was a miscalculation by the applicant. This may be due to improperly presented multiple dependent claims, typographical error, misnumbering of the claims, or other oversight. An amendment may be necessary to correct the problem.
- ☐ The filing fee reflected on the filing receipt is correct. Applicant may have miscalculated the fees due.
- ☐ Applicant calculated fees as other than small entity; however, applicant asserted small entity status in the application. Therefore, fees were applied as small entity and the remainder was refunded to the applicant.
- ☐ The difference between the fees paid and the fees due was refunded to the applicant and will not be shown on the filing receipt.
- ☐ The inventor information may be truncated if the family name consists of more than 50 characters (letters and spaces combined) and if the given name consists of more than 50 characters (letters and

spaces combined).

- ☐ The inventor's residence allows for up to 40 characters (letters and spaces combined).
- ☐ The inventor's residence will only include the city and state for U.S. residences or city and country for residences outside the U.S. (See MPEP 605.02).
- ☐ A petition to correct the inventorship is needed to make this change. See 37 CFR 1.48. For non-provisional applications, the petition should be directed to the Director of the examining group assigned to your application.
- ☒ Changes made after submission of an executed declaration to the inventor information other than correction of typographical errors must be submitted in the form of a substitute declaration. Change of inventorship requires a petition under 37 CFR 1.48.
- ☐ The number of drawings shown on the filing receipt reflects the number of drawing sheets submitted and is not necessarily equal to the number of figures submitted.
- ☐ The correspondence address was captured as directed by applicant on filing. If you wish correspondence to be directed otherwise, please submit a request for a change of address.
- ☐ The docket number allows a maximum of 25 characters.
- ☐ The person signing on behalf of the deceased inventor is reflected on the Filing Receipt as the legal representative.
- ☐ The filing date of a parent application cannot be changed by this request. A petition to correct the filing date in the parent application is required.
